### Stained Glass Taster Days, Masterclass Weekends and Mosaic Tuition Information 2018

#### **Stained Glass in a Day - suitable for beginners AND those with some experience.**

Discover the techniques and processes involved in making a leaded stained glass panel.

During the day learn how to cut glass to one of our tried and tested patterns - there are LOTS to choose from! Then lead and solder the panel to take home.

For those with some experience, choose from our extensive range of slightly more complex patterns with more challenging cut/lead lines.

#### **Stained Glass Masterclass Weekends - only suitable for those who have already attended a Cariad Glass Course**

Design and make your own leaded stained glass panel.

This class is only suitable for those who have already completed a One-Day stained glass course with us.

Bring your own design and measurements and build your own bespoke panel over two days. Saturday will be spent finalising your design, choosing and cutting your glass. Sunday will be leading, soldering and cementing.

Your panel will need to be maximum A3 size, and of no more than 30 pieces.

Glass, lead and solder are NOT included in the course fee, and can be purchased from the studio.

Use of hand tools, goggles/aprons/gloves, tallow and cement is included.

You will need to send a copy of your design and measurements to [chris@cariadglass.co.uk](mailto:chris@cariadglass.co.uk) so that we can convert your design into a cutting pattern, ready to begin. If you need assistance with a design, please let us know.

**This course is strictly limited to maximum 4 persons to ensure individual attention.**

### **Make a Mosaic – suitable for all levels.**

Create a unique and unusual hanger using the mosaic/applique method. Choose from a variety of pattern ideas, or design your own!

Less intensive than our leaded courses, but just as creative.

Learn how to cut glass, use grozing pliers, heat gun and adhesive to create your own panel to take home after grouting.
